NCA Car Company 50 OVER COMPETITION

All Premier Grade 50 Over competition matches shall be played in accordance with:

- (a) The playing conditions specified in this document.
- (b) Nelson Cricket Association General Playing Conditions.
- (c) New Zealand Cricket Playing Conditions – Domestic One Day Competition (Ford Trophy)

A team’s net run rate is calculated by deducting the average runs per over conceded by a team from the average runs per over scored by that team throughout the competition. In a match declared a ‘no result’, the run rate is not applicable. In a match where a team is all out in less than the full quota of overs, the calculation of its average run rate and

the average runs per over scored against the bowling team shall be based on the full quota of overs to which it would have been entitled and not on the number of overs in which it is dismissed. (as per current NZC 1st class rules for full explanation)

- 2.4 The Competition Final will be played at Saxton Oval, if Saxton Oval is unavailable, the final will be played at top qualifiers home ground.
- 2.5 Tied final match or no result on last available reserve day: The team who qualified highest in the round robin will be declared the winner.

5.3 If, between the toss and the commencement of the match, a replacement player becomes necessary, this can only be made with the permission of the opposing captain. The umpire (where appointed); shall be Informed of the decision immediately.

5.4 Both sides are to enter their “draft” teams onto PlayHQ the evening before the match. Edits may be made on PlayHQ in accordance with laws 5.1 – 5.3

6. LAW 24.2 - FIELDER ABSENT OR LEAVING THE FIELD

6.1 The particular Law 24.2 does not apply to competition. In situations where a player is late, they can participate as soon as they arrive. For the avoidance of doubt, all other articles in law 24 apply. The captain to ensure that the umpires are alerted to any players leaving the field.

7 TIME WASTING

7.1 Teams are expected to maintain an average over rate of at least 16 overs per hour. The umpires are instructed to a firm stand against any form of time wasting.

7.2 OVER RATE PENALTIES

7.2.1 The fielding side must be in position to bowl the first ball of the final over of the innings by the scheduled or rescheduled time for the end of the innings. If they are not in such a position, one fewer fielder will be permitted outside of the 30-yard circle for the remaining overs of the innings.

7.2.1.1 For the avoidance of doubt, this will mean 4 fielders outside the fielding circle will be permitted.

7.2.2 If the innings is terminated before the scheduled or rescheduled "cut off" time, no over rate penalty shall apply.

7.2.3 If the innings is interrupted, the over rate penalty will apply based on the re-scheduled cessation time for that innings.

7.2.4 The Umpires will inform the fielding Captain of any time allowances as and when they arise. In addition, in all reduced over matches, the fielding team will be given one over leeway.

7.2.5 No over rate penalties shall apply in games that do not have an official umpire.

8. NUMBER OF PLAYERS

The minimum number of players required to constitute a game is as follows:

- 8.1 The minimum number required to constitute a match is eight.
- 8.2 Failure to meet the minimum number required to constitute a game will result in the infringing team defaulting the game, and the result being awarded to the opposing team.
- 8.3 Teams have up until 15 minutes after the scheduled start time to have the minimum number required at the ground otherwise the result will be awarded to the opposing team.
- 8.4 If both teams don't have the minimum number required to constitute a match, then the result will be considered a no result.
- 8.5 For each match teams may be composed of twelve players
- 8.6 Prior to the toss for each match, team captains must provide opposing captains and the umpires a list of their batting 11 and their fielding 11. The player left out of the fielding XI will act as a 12th for the fielding portions of the match (i.e., the player may bat in the batting XI but may not bowl). Shirt numbers should be included on the team lists and a copy of the team lists provided for the scorers to aid with identification.
- 8.7 The 12th may be rotated on and off the field acting as substitute fielder, bearing in mind the rules of cricket in terms of eligibility to bowl and bat in relationship to a player's time off the field still apply. Players must inform the umpires of leaving / entering the field.
- 8.8 No player (batter) can only bat in the match and not take part in the field.
- 8.9 The wicket keeper may not be nominated as the non-bowler in the fielding eleven.

9. INNINGS (LAW 13.1)

- 9.1 A match will consist of one innings per team, and each innings will be limited to 50 overs. A minimum of 20 overs per team will constitute a match.

10. LAWS 2.7 & 2.8 - FITNESS FOR PLAY

- 10.1 Unless a general or specific cancellation has been advised by the home association the decision on whether a match can commence is the responsibility of the umpires. The umpires are the sole judges of fitness for play and The Laws of Cricket will apply. In matches without official umpires, agreement in matters of suitability of playing conditions (weather, ground and light) shall be between the captains. Where the captains do not agree the status quo will apply. However, if conditions worsen after the time of disagreement the fielding captain shall have the right to decide on matter of ground and weather, and the captain of the batting side on matters of light. Note: Where matches are being played on parks where official umpires are adjudicating in another match the captains should approach them for guidance on this issue.

11. DELAYED START OVER CALCULATION

11.1 **Reduction of overs:** In the event of a late start for any reason, the number of overs to be bowled in respect of the match shall be calculated by reducing two overs for every 8 minutes of playing time remaining until the scheduled closing time for the game.

11.2 **Bowling restrictions:** In the event of a late start for any reason, the number of overs per bowler shall be reduced so that no bowler shall bowl more than one-fifth of the overs. For example, in a 30-over match, there shall be a maximum of six overs per bowler, in a 33-over match, three bowlers may bowl seven overs and two bowlers may bowl six overs.

12. **INTERRUPTIONS DUE TO WEATHER**

12.1 **Second Innings Target Premier Men's Grade Only:** If due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum of 20 overs unless the team batting first was all out sooner), then a revised target score (to win) will be set for the number of overs which the team batting second will have the opportunity of facing – this revised target being calculated by the Duckworth Lewis Stern Method which is inbuilt into the PlayHQ application.

13. **THE RESULT (LAW 16)**

13.1 **Completion of match:** Each match shall be completed in one day. The team batting second shall bat until it achieves more runs than that scored by the other team or until ten of its players are dismissed or until the maximum number of overs which are to be bowled in that innings is bowled, whichever is sooner.

13.2 **No result:** If play has been abandoned in a match and less than 20 overs have been faced by the team batting second, an 'abandoned match' shall be declared.

13.3 **Points:** Win 4pts; tie / no result 2pts; Loss 0pts; Default 4pt deduction (see rule 19); Bonus 1pt to a winning team who achieves a run rate of 1.25 times that of the opposition.

13.4 Duckworth/Lewis/Stern (DLS Method) shall be used on the PlayHQ platform.

14. **BOWLING RESTRICTIONS**

14.1 **Number of overs per bowler:** No bowler shall bowl more than ten overs in an innings. In the event of a delayed or interrupted match where the overs are reduced for both teams or the team bowling second, Clause 11.2 of these conditions shall apply.

15. **NO BALL (LAW 21)**

15.1 A bowler shall be allowed to bowl two short pitched deliveries per over. A short pitched delivery is defined as a delivery that passes or would have passed above the shoulder height of the striker standing upright at the crease. In the event of the bowler bowling more than two short-pitched deliveries in an over, the umpire shall call and signal No-ball and invoke the procedures of cautioning the bowler

15.2 If a ball is bowled on the full at the batsmen **and is considered dangerous by the umpire,**

the bowler will receive an official warning by the umpire. The fielding captain must be made aware of this.

- 15.3 If the same bowler is to bowl another full toss, dangerous delivery, he will be removed from the bowling and not be allowed to return for the remainder of the innings. Another bowler will come in to finish off this over.
- 15.4 If a ball, after delivery by the bowler, pitches on the grass or the edge of the artificial surface, it shall be called a "No Ball"
- 15.5 If a bowler does not have at least one foot on the artificial pitch at the moment of delivery, a "No Ball" shall be called
- 15.6 The delivery following all modes of no-ball shall be a 'free hit' for whichever batsman is facing it. If the delivery of the 'free hit' is not a legitimate delivery (any kind of no-ball or a wide ball), then the next delivery will become a 'free hit' for whichever batsman is facing it. For any 'free hit' delivery, the striker can be dismissed only under the circumstances that apply for a no ball. Field changes are not permitted for 'free hit' deliveries unless there is a change of striker or if the no-ball was a result of a fielding restriction breach.

16. FIELDING RESTRICTIONS

- 16.1 At the instant of delivery, there may not be more than 5 fieldsmen on the leg side.
- 16.2 In addition to 16.1, further fielding restrictions shall apply to certain overs in each innings. The nature of such fielding restrictions and the overs during which they shall apply (hereinafter referred to as the Powerplay Overs) are set out in the following paragraphs.
- 16.3 The following fielding restrictions shall apply:
 - (a) Two semi-circles shall be drawn on the field of play. The semi-circles shall have as their centre the middle stump at either end of the pitch. The radius of each of the semi-circles shall be 30 yards (27.43 metres). The semi-circles shall be linked by two parallel straight lines drawn on the field.
At the instant of delivery:
 - (b) Powerplay 1 – no more than two (2) fieldsmen shall be permitted outside this fielding restriction area. In an innings of 50 overs, these are overs 1 to 10 inclusive.
 - (c) Powerplay 2 - no more than four (4) fieldsmen shall be permitted outside this fielding restriction area. In an innings of 50 overs, these are overs 11 to 40 inclusive.
 - (d) Powerplay 3 - no more than five (5) fieldsmen shall be permitted outside this fielding restriction area. In an innings of 50 overs, these are overs 41 to 50 inclusive.
- 16.4 In circumstances when the number of overs of the batting team is reduced, the number of overs within each phase of the innings shall be reduced in accordance with the table below. For the sake of clarity, it should be noted that the table shall apply to both the 1st and 2nd innings of the match.

- 16.5 If play is interrupted during an innings and the table in 16.4 applies, the Powerplay takes immediate effect. For the avoidance of doubt this applies even if the interruption has occurred mid-over. A 50 over innings is interrupted after 8.3 overs and reduced to 32 overs. The new phases are 7+19+6. Therefore, the middle phase fielding restrictions take immediate effect when play resumes and last for a further 17.3 overs. The final phase begins after 26 overs have been bowled.
- 16.6 At the commencement of the middle and final phases of an innings, the umpire shall signal such commencement to the scorers by rotating his arm in a large circle.
- 16.7 In the event of an infringement of any of the above fielding restrictions, the square leg umpire shall call and signal 'No Ball'.

17. THE BALL (LAW 4)

- 17.1 White Kookaburra 156g Club Match will be used in all matches. Each fielding team shall have only one new ball for its innings.

18. SCORING AND SCOREBOARD

- 18.1 Scoring: In a Premier competition game the match must be scored (live, if available) on the PlayHQ application. It is the responsibility of the home team to ensure this happens. It is expected that if the home team does not score on the application, they will arrange with the team that they are playing against to make sure the game is live scored. Where the game is played at a neutral venue the team listed first on the draw will be regarded as the home team. It is the responsibility of the home team to ensure that the result has been uploaded to PlayHQ.
- 18.2 Scoreboard: The batting team shall always keep a scoreboard up to date (including, if applicable the Duckworth/Lewis/Stern [DLS] method par score, which is available on PlayHQ)

19. DEFAULTS

- 19.1 No team in Premier Grade, can default. Clubs must fill sides in the higher grades first in the case of defaults. In order to retain the strength and the integrity of these grades, there are no defaults allowed. Despite the Local Rule, if a default occurs in any of these grades, the team defaulting will lose 4 competition points, and the club fined \$200. Their opponent will gain the maximum points accrued in the grade for the round in question.
- 19.2.1 NCA must be informed of any default by the secretary, club captain or chairman of the defaulting team.
- 19.2.2 In the event of a “no show” (that is, a team failing to show up at a game without informing NCA and the opposition), the club of that team will be fined \$400. The opposition will be awarded maximum points from that round and the defaulting team will lose 4 points.
- 19.2 Any proposed default must be advised to the home district association and the opposing club before 7.30am on the Friday preceding the match.

20. ELIGIBILITY

- 20.3 Students, **who are returning to their hometown**, are permitted to play for a club in Nelson despite being a member of another club in their respective study region. However, they are only eligible for finals if they too have played the five-match minimum requirement.

- 20.4 A rained off fixture does count towards the minimum game requirements. A club may be asked to hand over a 'team card' with the players who were intended to play.
- 20.5 If a Premier team is playing, there is no reason to gain clearance for any **non-listed** players that drop down a grade due to not making the Premier side.
- 20.6 If a player is registered with an overseas club, they may play cricket in the Competition. It is down to the discretion of a club whether they allow them to play or not.

That is, covers are to be put on the pitch no later than 6p.m. the night prior and earlier if adverse weather conditions are forecast. Whilst there will be no penalty if covers aren't used, the intention is that every effort will be made by clubs with covers to use them appropriately to ensure that pitches are the best they can be and are not affected by rain leading up to the match.

23 OVER RATE PENALTIES

If they are not in such a position, one fewer fielder will be permitted outside of the 30-yard circle for the remaining overs of the innings.

- 23.1.2 For the avoidance of doubt, this will mean 4 fielders outside the fielding circle will be permitted.

23.2 If the innings is terminated before the scheduled or rescheduled "cut off" time, no over rate penalty shall apply.

23.3 If the innings is interrupted, the over rate penalty will apply based on the re-scheduled cessation time for that innings.

23.4 The Umpires will inform the fielding Captain of any time allowances as and when they arise. In addition, in all reduced over matches, the fielding team will be given one over leeway.
